(5) SPECIAL CONTINGENCIES :

Amendment Reason: I included Tank No. 22 by mistake. I would like to remove it from this permit I accidentally included Tank No. 22 with this permit. It is a composite tank with aboveground piping that does not require cathodic protection. I would just like to remove Tank No. 22 from this permit. Adding Tanks Nos. 20 & 21 to permit at request of customer Customer has requested that Tanks Nos. 20 and 21 be added to the permit

NOTE: Tanks 20 and 21 contain a non-regulated substance, therefore they cannot be added to this permit.
