Permit # 00773-2007ABN
Request Rec'd 05/30/2007
Amended Date
Approval Date 6/4/2007 JC
Permit Expires 12/4/2007

Permit for ABANDONMENT IN PLACE of Underground Storage Tank(s) and Piping for Petroleum and Hazardous Substances.

Permission to abandon in place underground storage tank(s) or piping is hereby granted. Such abandonment must be in complete accordance with acceptable materials as specified in the Federal Register, Part II Environmental Protection Agency, 40 CFR Parts 280 and 281, and also with all sections of 41 Illinois Administrative Code, Part 170. The contractor the permit was issued to or an employee of that contractor (this does not include a subcontractor) shall establish a date certain to perform the UST activity by contacting the Office of the State Fire Marshal, Division of Petroleum and Chemical Safety, by telephone at the Springfield office between 8:30 a.m. and 12:00 p.m., at which time a mutually agreed upon date and time for the UST activity shall be scheduled. **THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.**

(1) OWNER OF TANKS - Corporation, partnership, or other business entity: Dickerson Petroleum, Inc. 920 N. Illinois Street Belleville, IL 62220 Contact: Steve Dickerson (618) 233-0786 Ext.	(2) FACILITY - name and address where tanks are located: Gas Mart #35 6001 W. Main Belleville, St. Clair Co., IL Contact: Tom Wueller (618) 233-0786
--	---

(3) ABANDONMENT IN PLACE OF TANKS:

- (a) *Number and size tanks being abandoned:* (TK # 1, 2, 3) - 10,000 gallons
(b) *Location of tanks being abandoned:* CONTAMINATED SITE! IEMA Number: 070660

- (4) This permit is VOID if contamination is revealed during abandonment procedures or if tanks are not as indicated on your granted permit site plan. If contamination is revealed, this abandonment can continue only when the contaminated site section (2) of the certification on site condition has been submitted to our Office.
- (5) **SPECIAL CONTINGENCIES:** Tom Herlacher stated 06/04/07 at 11:45 that the tank ends are approximately 3 feet from the canopy support column. He also stated that there is only about 1 foot of distance between each other. Permit application states that the canopy piers are believed to be about 5 feet deep and the adjacent UST's are ten feet in diameter. Application states the excavation and removal of these UST's will jeopardize the foundation piers. The vast majority of the piping for these tanks will remain in place and be re-used by a new tank installation. A very small portion of piping in the immediate tank area will be removed to accommodate the tank abandonment and accommodate the installation of new piping transition sumps.
- (6) The owner must notify this Office when completion of tank abandonment has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at www.state.il.us/osfm or by calling (217)785-1020.

(7) <u>PERSON, FIRM OR COMPANY PERFORMING WORK:</u> WSI, Incorporated 6414 D. Road Waterloo, IL 62298	Contact Person: Rodney Washausen or Tom Herlacher Phone: (618) 939-4570 Contractor Registration # Exp.
