**Summary of Work**

We will vac out rock around the tank sump down a few inches below nearest flat area below domed top but above all product/electrical entries. We will cut sump at appropriate area and re-fiberglass in a fiberglass single wall sump extension to make the sump higher and raise the manway as well to prevent water intrusion into the sump

**Special Contingencies**

**Amendment Reason:**

Picked wrong item. We are not breaking any piping and need to fix Permit
