**Permit for UPGRADE or REPAIR of Underground Storage Tank(s) and Piping for
Petroleum and Hazardous Substances**

Permission to upgrade or repair underground storage tank(s) or piping is hereby granted. Such upgrade or repair must be in complete accordance with acceptable materials as specified in the Federal Register, Part II Environmental Protection Agency, 40 CFR Parts 280 and 281, and also with all sections of 41 Illinois Administrative Code, Parts 174, 175 and 176. The contractor the permit was issued to shall establish a date and time certain to perform the UST activity by scheduling the permitted activity through their UST contractor portal account. All testing forms must be submitted prior to the final being conducted.

THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.

Summary of Work

The site has been selling E85 product without the proper fueling system equipment. The non-compliant equipment will be upgraded to the items compatible with E85 product.

8/7/23: The drop tube will not be replaced. The existing tube is E85 compatible.

Special Contingencies

Amendment Reason:

The existng drop tube was already e85 compatible. The permitted drop tube will be deleted.
