Permit for ABANDONMENT-IN-PLACE of Underground Storage Piping for Petroleum and Hazardous Substances

Permission to abandon- in- place underground storage tank piping is hereby granted. Such abandonment must be in complete accordance with acceptable materials as specified in the Federal Register, Part II Environmental Protection Agency, 40 CFR Parts 280 and 281, and also with all sections of 41 Illinois Administrative Code, Parts 174, 175, and 176. The contractor the permit was issued to shall establish a date certain to perform the UST activity by shall establish a date certain to perform the UST activity by scheduling the permitted activity through their UST contractor portal account If the Storage Tank Safety Specialist (STSS) observes evidence of a release, the owner, operator or designated representative of the UST owner/operator must notify the Illinois Emergency Management Agency (IEMA). The incident number shall be given to the STSS prior to his/her leaving the site.

THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.

| 1 | 12,000 | Diesel Fuel | Piping Capped Off | |

Explanation of Waiver for Abandonment

There are 2 small sections of piping that had been poured into foundation walls. One area is where the piping had went into the building. See the two pictures I have attached. The other area of about 12' of piping has been poured into footer walls where other main electrical lines go through as well. . We would like to abandon the pipe in these 2 areas to not disturb any foundation with the building or other other electrical lines going through the footer walls. We are removing all the rest of the piping tomorrow under permit 00954-2023REM. Thanks

Location of Piping Being Abandoned

There are 2 small sections of piping that had been poured into foundation walls. One area is where the piping had went into the building. See the two pictures I have attached. The other area of about 12' of piping has been poured into footer walls where other main electrical lines go through as well. . We would like to abandon the pipe in these 2 areas to not disturb any foundation with the building or other other electrical lines going through the footer walls. We are removing all the rest of the piping tomorrow under permit 00954-2023REM. Thanks
