Permit Expires 9/29/2007

**Permit for ABANDONMENT IN PLACE of Underground Storage Tank(s) and Piping for Petroleum and Hazardous Substances.**

Permission to abandon in place underground storage tank(s) or piping is hereby granted. Such abandonment must be in complete accordance with acceptable materials as specified in the Federal Register, Part II Environmental Protection Agency, 40 CFR Parts 280 and 281, and also with all sections of 41 Illinois Administrative Code, Part 170. The contractor the permit was issued to or an employee of that contractor (this does not include a subcontractor) shall establish a date certain to perform the UST activity by contacting the Office of the State Fire Marshal, Division of Petroleum and Chemical Safety, by telephone at the Springfield office between 8:30 a.m. and 12:00 p.m., at which time a mutually agreed upon date and time for the UST activity shall be scheduled. **THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.**

<b>(1) OWNER OF TANKS</b> - Corporation, partnership, or other business entity:  <b>U.S. Army Corps of Engineers Route 16 East Shelbyville, IL 62565</b>	<b>(2) FACILITY</b> - name and address where tanks are located:  Sullivan Marina & Campgrounds R. R. #2, Box 35 Sullivan, Moultrie Co., IL  Contact: Dennis Fayhee (217) 728-7338

**(3) ABANDONMENT IN PLACE OF TANKS:**

- (a) *Number and size tanks being abandoned:* (TK # 2) - 6,000 gallons  
(b) *Location of tanks being abandoned:*

- (4) This permit is VOID if contamination is revealed during abandonment procedures or if tanks are not as indicated on your granted permit site plan. If contamination is revealed, this abandonment can continue only when the contaminated site section (2) of the certification on site condition has been submitted to our Office.
- (5) **SPECIAL CONTINGENCIES:** Amended 04/02/07 to show US Army Corps of Engineers as owner relative to this permitted activity. Only the piping run that is associated with the old tank system will be abandoned (the piping was not removed when tanks #2, #3, #4 were removed). The piping to be abandoned runs down from the old tank field on the hillside and continues under the fuel dock. There is associated live conduit next to the line, and in the same trench as the fuel line, consequently allowing for abandonment in place of the old fuel line. There are also two other piping runs that originate from the old tank field that will be allowed to remain in place as they are, per Bill Alderson (03/29/07 9:15). The two other piping runs are not considered to be Mr. Fayhee's responsibility. The two other piping runs are at a 45 degree angle from the old tank field and run towards the shoreline (see old original site plans).
- (6) The owner must notify this Office when completion of tank abandonment has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at [www.state.il.us/osfm](http://www.state.il.us/osfm) or by calling (217)785-1020.
