Permit application was sent in with wrong licence information, and administrative review did not pick up on the problem. This permit is for the removal of product lines only. The tank was removed approximately 16 years ago. There is still \$100.00 in 1988 annual tank fees that were never paid and are still owed by the former owner of the tank. A Timely Compliance Opportunity letter was issued for this site on 03/21/06 allowing this facility 60 days to come into compliance. If compliance is not achieved by 05/20/06 the non-compliant underground storage tank(s) will be red-tagged.
