Permit #: 01086-2024REM  
Request Rec'd: 09/05/2024  
Approval Date: 09/05/2024 DS  
Permit Expires: 03/05/2025

## **Permit for REMOVAL of Underground Storage Tank(s) and Piping for Petroleum and Hazardous Substances**

Permission to remove underground storage tank(s) or piping is hereby granted. Such removal must be in complete accordance with all sections and procedures specified in 41 Illinois Administrative Code Parts 174, 175 and 176. The contractor the permit was issued to shall establish a date certain to perform the UST activity by scheduling the permitted activity through their UST contractor portal account. If the Storage Tank Safety Specialist (STSS) observes evidence of a release, the owner, operator or designated representative of the UST owner/operator must notify the Illinois Emergency Management Agency (IEMA). The incident number shall be given to the STSS prior to his/her leaving the site. After the removal is completed, the owner/operator shall have a site assessment performed by measuring for the presence of a release where contamination is most likely to be present at the UST site. This is in accordance with the Illinois Administrative Code 176.360 (a) regulations and 40 CFR Part 280.72 (a) Federal Register Requirement.

**THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.**

<b>OWNER OF TANKS</b> - Corporation, partnership, or other business entity: Lenny's Gas N Wash 65th and Central, LLC 8200 W. 185th Street Tinley Park, IL 60487 (None) County Contact: Leonard McEnery 815/483-9406	<b>FACILITY</b> - name and address where tanks are located: Lenny's Gas N Wash 65th and Central, LLC 6500 S. Central Bedford Park, IL 60638 Cook County Contact: Leonard McEnery 815/483-9406
---	---

### **Tanks on the Permit**

<b>Tank #</b>	<b>Capacity</b>	<b>Product</b>	<b>Last Used Date</b>
5	12,000	Heating Oil	12/31/1973

### **Summary of Work**

The tank was found during grading work being performed for a new development at the property. The tank will be exposed using an excavator. The remaining liquids will be pumped using a vacuum truck and the resulting liquids properly disposed. After checking the interior atmosphere for explosive gasses and confirming it is safe - the tank shell will be lifted from the excavation and place on the ground. The ends of the tank will be removed to clean the inside. Once cleaned and inspected, the tank will be hauled off site and scrapped at a steel recycler.

### **Special Contingencies**

The owner must notify this Office when completion of tank removal has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at [www.sfm.illinois.gov](http://www.sfm.illinois.gov) or by calling (217)785-1020. After removal is completed, the owner/operator shall perform a site assessment by measuring for the presence of a release where contamination is most likely to be present at the UST site. This is in accordance with the Illinois Administrative Code 176.360 (a) regulations and 40 CFR Part 280.72 (a) Federal Register Requirement.
