Permit for ABANDONMENT-IN-PLACE of Underground Storage Tank(s) and Piping for Petroleum and Hazardous Substances

Permission to abandon- in- place underground storage tank(s) or piping is hereby granted. Such abandonment must be in complete accordance with acceptable materials as specified in the Federal Register, Part II Environmental Protection Agency, 40 CFR Parts 280 and 281, and also with all sections of 41 Illinois Administrative Code, Parts 174, 175, and 176. The contractor the permit was issued to shall establish a date certain to perform the UST activity by shall establish a date certain to perform the UST activity by scheduling the permitted activity through their UST contractor portal account If the Storage Tank Safety Specialist (STSS) observes evidence of a release, the owner, operator or designated representative of the UST owner/operator must notify the Illinois Emergency Management Agency (IEMA). The incident number shall be given to the STSS prior to his/her leaving the site.

THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.

Sauk Trail Sauk Village, IL 60411 Cook County Contact: Sunny Peters 630/674-7869
--	---

Tanks on the Permit

* A combination of inert fill material is not allowed. The listed inert fill material is only allowed to fill the abandoned tank.

Tank #	Capacity	Product	Fill Material *
1	10,000	Diesel Fuel	Sand
2	10,000	Gasoline - Regular	Sand

Explanation of Waiver for Abandonment

The 2 USTs that need abandon in place are next to two (2) other operating USTs in the same tank excavation and if removed would compromise or damage the other two (2) active operating USTs onsite. The piping will be abandoned in place as it is in the same trench and piping for the two (2) active USTs to remain in place and operating. Piping can't be removed without compromising or damaging the other piping for the two (2) remaining operating USTs.

Location of Tanks Being Abandoned

The 2 USTs that need abandon in place are next to two (2) other operating USTs in the same tank excavation and if removed would compromise or damage the other two (2) active operating USTs onsite. The piping will be abandoned in place as it is in the same trench and piping for the two (2) active USTs to remain in place and operating. Piping can't be removed without compromising or damaging the other piping for the two (2) remaining operating USTs.

Location of Piping Being Abandoned

The 2 USTs that need abandon in place are next to two (2) other operating USTs in the same tank excavation and if removed would compromise or damage the other two (2) active operating USTs onsite. The piping will be abandoned in place as it is in the same trench and piping for the two (2) active USTs to remain in place and operating. Piping can't be removed without compromising or damaging the other piping for the two (2) remaining operating USTs.
