Permit for ABANDONMENT-IN-PLACE of Underground Storage Piping for Petroleum and Hazardous Substances

Permission to abandon- in- place underground storage tank piping is hereby granted. Such abandonment must be in complete accordance with acceptable materials as specified in the Federal Register, Part II Environmental Protection Agency, 40 CFR Parts 280 and 281, and also with all sections of 41 Illinois Administrative Code, Parts 174, 175, and 176. The contractor the permit was issued to shall establish a date certain to perform the UST activity by shall establish a date certain to perform the UST activity by scheduling the permitted activity through their UST contractor portal account If the Storage Tank Safety Specialist (STSS) observes evidence of a release, the owner, operator or designated representative of the UST owner/operator must notify the Illinois Emergency Management Agency (IEMA). The incident number shall be given to the STSS prior to his/her leaving the site.

THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.

OWNER OF TANKS	FACILITY
- Corporation, partnership, or other business entity: Madison County Transit One Transit Way Granite City, IL 62040 Madison County Contact: Kane Jerry 618/797-4600	- name and address where tanks are located: Madison County Transit District 724 Chain Of Rocks Road Granite City, IL 62040 Madison County 18-1-14-34-02-205-017 Contact: Jerry Kane 618/797-4600

Tanks on the Permit For Piping Only

* A combination of inert fill material is not allowed. The listed inert fill material is only allowed to fill the abandoned tank.

Tank #	Capacity	Product	Fill Material *
4	10,000	Gasoline - Regular	Piping Capped Off
5	6,000	Diesel Fuel	Piping Capped Off
6	6,000	Diesel Fuel	Piping Capped Off

Explanation of Waiver for Abandonment

Piping is connected to underground tanks that are being removed as part of separate removal permit. Piping that begins at underground tank location runs through building foundations into dispensers that are located inside the building. All piping that is located on the exterior side of the building is being removed completely.

Location of Piping Being Abandoned

Piping that begins at underground tank location runs through building foundations into dispensers that are located inside the building. All piping that is located on the exterior side of the building is being removed completely.
