- (b) Type of tanks:* (TK # 1, 2, 3, 4, 5) - Existing single wall steel
- (c) Product stored in each tank:* (TK # 1, 2) - Gasoline, (TK # 3, 4, 5) - Diesel Fuel

**(5) The owner must notify this Office when completion of tank interior inspection has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at [www.state.il.us/osfm](http://www.state.il.us/osfm) or by calling (217)785-1020.**

**(6) SPECIAL CONTINGENCIES:** Tank relining, lining inspection and entry permit work in reference to manways/manholes must abide by sections 170.430(a)(1)(C) and (D), 170.430(b)(5), and 170.430(c)(10). These tanks were lined 06/20/91. Permit #00652-2001LIN and #00653-2001REL exists for these tanks; however, no inspector logs or notification forms exists to prove whether or not the permits were utilized. Also, there are no lining inspection field notes or certificates from the contractor to prove the work was done. The only thing we have is a couple of older certification audits that say the tanks were inspected 08/28/01 (this is unacceptable as proof of lining inspection). Consequently, as far as this office is concerned, (without proper documentation of a lining inspection for 08/28/01) these tanks are five years past due for a lining inspection.
