- (5) **SPECIAL CONTINGENCIES:** STSS should review the contingencies section for permit #00281-2006UPG for further details of this site (there is a lot of pertinent information for this site on that permit - it is valid for tank #2 until 08/23/06). Site assessment is in file pertaining to this tank's abandonment. The tank to be abandoned was cleaned in November 2005 for lining inspection. No additional cleaning will be done prior to abandonment. Tank was not put back into service after failing the lining inspection. A Timely Compliance Opportunity letter was issued for this site on 02/27/06 allowing this facility 60 days to come into compliance. If compliance is not achieved by 04/28/06 the non-compliant underground storage tank(s) will be red-tagged.
- (6) **The owner must notify this Office when completion of tank abandonment has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at [www.state.il.us/osfm](http://www.state.il.us/osfm) or by calling (217)785-1020.**
