(4) The owner must notify this Office when completion of cathodic protection upgrade has occurred, on the Notification for Underground Storage Tank Form and the licensed contractor must submit the required job schedule for cathodic protection upgrade to the OSFM prior to the work being performed. Both forms can be obtained at www.sfm.illinois.gov or by calling (217)785-1020.

(5) **SPECIAL CONTINGENCIES:** Amendment request was received 06/26/13. This amendment request is to show various minor corrections / alterations to the scope of work that was performed (refer to amended site plan with correspondence letter from Corrosion Management Inc. for further details - Stip 3 tanks #1, #5, and #6 are not going to be included on this permit since they are not bonded into the existing impressed current system). See permit / site plans from previous permits #2768-97 UPG and #04203-2004CAT for comparison of past impressed current system work for this site. The most recent site plan from this permit #00478-2013CAT must be used for further reference and consideration for future impressed current issues / repairs for this site.
