Request Rec'd 02/02/2012
Amended Date
Approval Date 2/2/2012 JC
Permit Expires 8/2/2012

Piping removal only

Permit for REMOVAL of Underground Storage Tank(s) and Piping for Petroleum and Hazardous Substances.

Permission to remove underground storage tank(s) or piping is hereby granted. Such removal shall not commence until the contractor the permit was issued to or an employee of that contractor (this does not include a subcontractor) shall establish a date certain to perform the UST activity by contacting the Office of the State Fire Marshal, Division of Petroleum and Chemical Safety, by telephone at the Springfield office between 8:30 a.m. and 12:00 p.m., at which time a mutually agreed upon date and time for the UST activity shall be scheduled. **THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.**

(1) OWNER OF TANKS - Corporation, partnership, or other business entity: Love's Travel Stops & Country Stores, Inc. P.O. Box 26210 Oklahoma City, OK 73126 Contact: Michael Key (405) 302-6640	(2) FACILITY - name and address where tanks are located: Love's Travel Stop #249 2958 East Ann Rutledge Drive Williamsville, Sangamon Co., IL Contact: Kim Shafer (217) 566-3448
---	---

(3) REMOVAL OF TANKS:

- (a) *Number and size of tanks being removed:* (TK # 1, 2) - 20,000 gallons
- (b) *Description/location of piping being removed:* **See contingencies section.**
- (c) *Product stored in each tank:* (TK # 1, 2) - Diesel Fuel
- (d) *Reason of tanks being removed:* **Tanks will remain - see contingencies section.**
- (e) *If tank(s) is leaking, indicate IEMA incident number:*
- (f) *Date each tank was last used:* (TK # 1), (TK # 2)

- (4) The owner must notify this Office when completion of tank removal has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at www.sfm.illinois.gov or by calling (217)785-1020. After removal is completed, the owner/operator shall perform a site assessment by measuring for the presence of a release where contamination is most likely to be present at the UST site. This is in accordance with the Illinois Administrative Code 176.360 (a) regulations and 40 CFR Part 280.72 (a) Federal Register Requirement.

- (5) **SPECIAL CONTINGENCIES:** This removal is for product piping only. The tanks will remain, and new replacement piping will be installed within the existing trenches (see permit #00096-2012UPG). This work is requested to be done in phases to allow the station to stay up and running; consequently, it is proposed to remove the piping after the new piping is installed. This removal permit is essentially for the removal of the piping from the tanks to the closest island to the building - then, the upgrade permit will essentially also allow for the removal of the rest of the piping between all the existing dispensers. Also, a DEF tank and associated piping will be installed at the time of the upgrade permitted work (DEF is unregulated).

(6) PERSON, FIRM OR COMPANY PERFORMING WORK:	
IL Oil Marketing Equipment, Inc. 850 Brenkman Drive	Contact Person: Pete Bradshaw Phone: Contractor Registration # Exp.

Sincerely,
