- (4) The owner must notify this Office when completion of tank removal has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at [www.sfm.illinois.gov](http://www.sfm.illinois.gov) or by calling (217)785-1020. After removal is completed, the owner/operator shall perform a site assessment by measuring for the presence of a release where contamination is most likely to be present at the UST site. This is in accordance with the Illinois Administrative Code 176.360 (a) regulations and 40 CFR Part 280.72 (a) Federal Register Requirement.

(5) **SPECIAL CONTINGENCIES :**

This is a 3rd party orphan UST removal by IDOT. IDOT is neither the owner nor operator of the tanks. In addition to the summary of work, the contractor will also follow the attached OSFM UST removal checklist.

These tank removals are due to a roadway improvement. This is a 3rd party orphan removal by IDOT. IDOT is neither the owner or operator. ECI will pump any remaining water/product out of the tanks and will containerize. The tanks will then be inerted with carbon dioxide to eliminate any fire/explosion potential. After the atmosphere inside the tanks is rendered safe and with the Fire Marshal's approval the tanks will be removed from the ground to be cleaned. After the tanks have been cleaned they will be sent to a metal recycling facility for disposal/recycling. The excavation will then be sampled and backfilled to grade.
