- (4) The owner must notify this Office when completion of tank removal has occurred, on the Notification for Underground Storage Tank Form This form can be obtained at www.state.il.us/osfm or by calling (217)785-1020. After removal is completed, the owner/operator shall perform a site assessment by measuring for the presence of a release where contamination is most likely to be present at the UST site. This is in accordance with the Illinois Administrative Code 170.640 (a) regulations and 40 CFR Part 280.72 (a) Federal Register Requirement.**

- (5) SPECIAL CONTINGENCIES: Revision is to reflect the new ownership information for this facility (the notification form that accompanied this permit was not entered in due time to reflect the change on the approved permit).** Contractor is only permitting to remove 4 tanks, although our database shows that there are supposedly a total of 5 tanks on site. I spoke to mr McFadden and he stated that he only sees 4 vent lines on site. STSS should field verify the total number of tanks on site at time of removal.
