**(5) SPECIAL CONTINGENCIES :**

Amendment Reason: Would like to add tank 21, 4,000-gallon Hexane tank to removal permit. The tank was not originally indicated to be removed when the owner originally contacted us. Accidentally identified tank #21 as the tank being removed but it is actually for tank ID #14.

Revision Reason: Tank #20 which was previously identified as one of the tanks being removed on this permit should actually have been identified as tank #6304 Revised on 12/28/20 to show tank 14 was removed under permit 01333-2020REM per Inspector Adams
