(3) **ABANDONMENT IN PLACE OF TANKS:**

- (a) *Number and size tanks being abandoned: (TK # 5, 6) - 12,000*
- (b) *Product stored in each tank: (TK # 5, 6) - Diesel Fuel*
- (c) *Location of tanks being abandoned: Tanks are located in close proximity to an existing building as shown in site plan. Attempting to remove would likely undermine the structural integrity of the building.*
- (d) *Location of piping being abandoned: Piping is not shown on drawing, but looking at the site plan there seems to be no reason that the piping could not be removed rather than being abandoned*

- (4) This permit is VOID if contamination is revealed during abandonment procedures or if tanks are not as indicated on your granted permit site plan. If contamination is revealed, this abandonment can continue only when the contaminated site section (2) of the certification on site condition has been submitted to our Office.

(5) **SPECIAL CONTINGENCIES :**

- (6) **The owner must notify this Office when completion of tank abandonment has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at www.sfm.illinois.gov or by calling (217)785-1020.**
