Permit # 00398-2022REM
Request Rec'd 04/14/2022
Amended Date
Approval Date 4/17/2022 DS
Permit Expires 10/18/2022

Permit for REMOVAL of Underground Storage Tank(s) and Piping for Petroleum and Hazardous Substances.

Permission to remove underground storage tank(s) or piping is hereby granted. Such removal shall not commence until the contractor the permit was issued to or an employee of that contractor (this does not include a subcontractor) shall establish a date certain to perform the UST activity by contacting the Office of the State Fire Marshal, Division of Petroleum and Chemical Safety, at which time the UST activity shall be scheduled. **THIS PERMIT IS VALID FOR SIX MONTHS FROM THE APPROVAL DATE.**

<p>(1) OWNER OF TANKS - Corporation, partnership, or other business entity:</p> <p>Hagel Metal Fabrication Inc 2001 E Washington St East Peoria, IL 61611</p> <p>Contact: Hagel Gary (309) 694-1045</p>	<p>(2) FACILITY - name and address where tanks are located:</p> <p>Hagel Gary/Leong Terry 2001 E Washington St East Peoria, IL 61611</p> <p>Contact: Leong Terry/Hagel Gary (309) 694-1045</p>
--	---

(3) REMOVAL OF TANKS:

- (a) *Number and size of tanks being removed: (TK # 1) - 1,000*
- (b) *Description/location of piping being removed:*
- (c) *Product to be stored in each tank: (TK # 1) - Heating Oil*
- (d) *Reason of tanks being removed:*
- (e) *If tank(s) is leaking, indicate IEMA incident number:*
- (f) *Date each tank was last used: (TK # 1) - 11/1/1956*

(4) The owner must notify this Office when completion of tank removal has occurred, on the Notification for Underground Storage Tank Form. This form can be obtained at www.sfm.illinois.gov or by calling (217)785-1020. After removal is completed, the owner/operator shall perform a site assessment by measuring for the presence of a release where contamination is most likely to be present at the UST site. This is in accordance with the Illinois Administrative Code 176.360 (a) regulations and 40 CFR Part 280.72 (a) Federal Register Requirement.

(5) **SPECIAL CONTINGENCIES** : UST is already uncovered and access panels cut in the top. This work was done by others and was completed before EnviroServe visited the site. The UST currently contains soil, pails, and a drum which all need removed. EnviroServe is profiling the waste to GFL Environmental. Once the waste profile is approved, EnviroServe will vacuum soil from the UST and place into appropriate containers for transport to the landfill. UST interior will be rinsed with high pressure, heated (if necessary) water. The rinse water will be vacuumed from the UST. With the OSFM present, the soil surrounding the UST will be excavated to facilitate removal and the UST removed. Once removed, the UST will be cleaned and transported to a metal recycling facility. The property owner is backfilling the excavation.

(6) PERSON, FIRM OR COMPANY PERFORMING WORK:

EnviroServe, Inc.
5350 East Firehouse Road
Decatur, IL 62521

Contact Person: Bob Rogers
Phone: (217) 428-4381
