

August 2, 2019

Franklin Fueling Systems has determined that Fuel Ethanol, also known commercially as E85, is compatible with LS-500, LS500/E line leak pressure transducers used for Electronic Line Leak Detection (ELLD) on EVO 550, EVO 5000, TS-550, TS-5000 tank monitoring consoles.

Sincerely,

Loren Swalheim
Director, Global Technical Services
Franklin Fueling Systems
