Hi Ed.
Please see below from our Engineering team.

Per the UL serial plate the unit was built at the GVR GSO OEM factory to be E85 compliant. This label and the decal label on the E85 inlet tube in the lower hydraulics is all that the inspectors should need to see for confirmation.

Ed,

Thank you, we have sent this to engineering for review on the E85 compatibility.

These are pictures of the current E85 dispenser at this location. Is this dispenser e85 compatible?
