## B20 WARRANTY & COMPATIBILITY STATEMENT

It has come to our attention of certain areas within the United States asking about the Warranty and the Compatibility of a manufacturer's product when coming in touch with Bio-Diesel Blends up to B20. To that level Husky Products – Nozzles, Swivels, Safe-T-Breaks® (STB) and Fuel Hoses – have been tested with and proven compatible with Diesel blends up to and including B20. As a result, Husky Corporation stands by its current Warranty Policy on these products in use with B20 and entails:

- Husky Corporation will, at its option repair, replace or credit the purchase price of any Husky manufactured product which proves upon examination by Husky, to be defective in material and/or workmanship for a period of –
- Conventional Products - One (1) Year from manufacture date of shipment by Husky
- Hose Products - Eighteen (18) Months from manufacture date of shipment by Husky
- Vapor Products – Fifteen (15) Months from manufacture date of shipment by Husky

Return Policy, Warranty Provisions, et al. are detailed in the Warranty policy found on our website at [www.husky.com](http://www.husky.com)

Sincerely,

Grenny Sutcliffe,  
Vice-President / Sales
