

flexsteel® Futura™ Ethan-ALL™ Dispensing Hose Assembly

Product Specifications

Application

flexsteel® Futura™ Ethan-ALL™ dispensing hose assembly is certified for use in ethanol dispensing applications up to 150°F. This assembly provides the quality Futurin™ cover with superior ozone resistance along with a premium layline. Tube construction meets the F25/F85 compatibility test requirements of UL 330A.

flexsteel® Futura™ Ethan-ALL™ dispensing hose assembly uses the ContiTech proprietary Fuel Grip™ fitting, a premium nickel coating to ensure corrosion is limited.

Construction

- Synthetic rubber
- Futurin™ synthetic rubber
- Reinforcement braid

Temperature Range

-40°F to 140°F (-40°C to 60°C)

Coupling

Available in factory-coupled assemblies only.
