

Solid-State Non-Discriminating Dispenser Pan & Containment Sump Sensors

Approved for monitoring high alcohol alternative fluids such as E85.

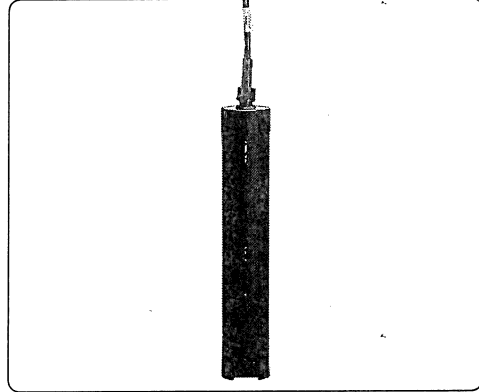

TLS-350 Series Consoles: Requires an Eight-Input Type A Sensor Interface Module (P/N 0329956-001).

TLS-450PLUS Consoles: Requires a Sixteen-Input Universal Sensor/Probe Module (P/N 0332812-001).

TLS4 & TLS4B Consoles: Module is integrated into the console.

Includes: Installation Kit (P/N 0330020-550).

Mounting brackets are required. Order the Universal Sensor Mounting Kit (P/N 0330020-012).

Part Number	Description	List Price
0794380-321	Solid-State Dispenser Pan Sensor	\$753.00
0794380-351	Solid-State Containment Sump Sensor	\$909.00

Sump Sensors

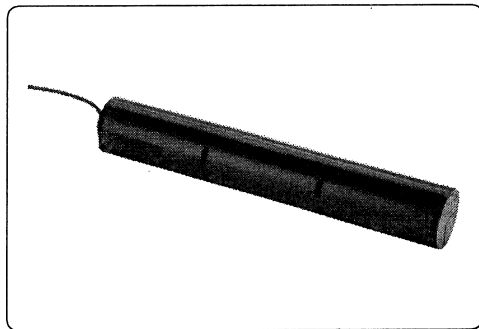

TLS-350 Series Consoles: Requires an Eight-Input Interstitial/Liquid Sensor Interface Module (P/N 0329358-001). Also compatible with TLS-300 Series (no additional module required).

TLS-450PLUS Consoles: Requires a Sixteen-Input Universal Sensor/Probe Module (P/N 0332812-001).

TLS4 & TLS4B Consoles: Module is integrated into the console.

Includes: Installation Kit (P/N 0330020-076).

No additional mounting hardware required.

Part Number	Description	List Price
0794380-208	Sump Sensor - 12' Cable	\$395.00
0794380-209	Sump Sensor - 30' Cable	\$441.00
