October 4, 2010

Subject: E-85 Flexible connector compatibility.

To whom it may concern,

This is to confirm that the U.L. Listed Fireflex connectors and the components of these flex connectors that are supplied by FLEX-ING are compatible with E-85 and Bio-Diesel fuels. At this time there currently is no UL listing for flex connectors for use with E-85 or Bio-Diesel.

Please let me know if you have any questions, comments or need anything else regarding this or any other matters.

Best regards,

Wayne Cooper
General Manager
