RE: E-15 Fuel Compatibility

This letter is in reference to the following site:

Kwik Trip # 1531
1100 E River Rd
Dixon, IL 61021

Parts and equipment listed are to have been manufactured within calendar year of this letter.

This letter affirms that the list of referenced equipment below is compatible with the following fuels:

E-15

Compatible equipment/models:

FMP-LL3-XXX
TSP-ULS-C, TSP-ULS, FMP-ULS
TSP- DIS, FMP-DIS, FMP-DIS-U (dry interstitial applications only)
TSP-EIS, FMP-EIS, FMP-EIS-U (dry interstitial applications only)
LS500/LS500E Transducers

NOTE: Cables may swell with long term exposure to E15 Fuel or Vapor.

Sincerely

A handwritten signature in blue ink, appearing to read 'Loren Swalheim'.

Loren Swalheim

Director, Global Technical Services
Franklin Fueling System
