Flexsteel® Futura™ Ethan-ALL™ Dispensing Hose Assembly

Marking: Example: Continental ContiTech 3/4" RU Flexsteel® Futura™ Ethan-ALL™ E85 559N Made in USA

Applications

Flexsteel® Futura™ Ethan-ALL™ dispensing hose assembly is UL certified for use in ethanol dispensing applications up to E85. This assembly provides the quality Futurin! cover with its superior ozone resistance along with a premium layline. The tube construction meets the E25/E85 compatibility test requirements of UL 330A. The Flexsteel® Futura™ Ethan-ALL™ dispensing hose assembly uses the Continental ContiTech proprietary Fuel Grip! fitting with a premium nickel coating to ensure corrosion is limited.

Specifications

- > Construction Tube: Nitrile synthetic rubber
- > Cover: Futurin™ synthetic rubber
- > Reinforcement: Wire braid
- > Coupling: Available in factory coupled assemblies only.
- > Temperature Range: -40°F to 140°F (-40°C to 60°C)
- > Order Codes: 532-337-124
- > Packaging: Coupled assemblies only
