RE: Fuel Compatibility

This letter is in reference to the following site:

1487 US Hwy 20
Elizabeth, IL 61028

This letter affirms that the list of referenced equipment below is compatible with the following fuels:

E10/ E85

Compatible equipment/models:

FMP-ULS, TSP-ULS, FMP-EIS, FMP-EIS-U, TSP-EIS, LSU500, LSU500/E (Transducer used with LS-500 ELLD) TPS-LL2-XXX, TS-RA1

NOTE: TS-RA1 is not to be installed in areas where fuel is or can be present

NOTE: Cable may swell with long term exposure to E85 Fuel or Vapor.

Sincerely

Loren Swalheim
Director, Global Technical Services
Franklin Fueling System
