RE: Petroleum Containment Compatibility with Alternative Fuels

Petroleum Containment, Inc. (PCI) products are compatible with Alternative Fuels such as Biodiesel and Ethanol blended fuels as well as Diesel Exhaust Fluid (DEF).

PCI products are engineered and manufactured to the UL Standard 2447. Our Fiberglass containment sumps exceed the standards related to Biodiesel, Ethanol and Alcohol blends without failure.

All PCI sumps are compatible with Biodiesel and Ethanol fuel blends up to B100 and E100.

UL Approved Products by Model:

- Tank Sumps
 - PC Series
 - PCM Series
- Dispenser Sumps
 - RSC Series
 - CLE/CLS Conduitless Series
 - DEF Series
 - DCL Conduit less Series
 - MVR Series
- Transition Sumps
 - TS Series
 - TSM Series
- Penetration Fittings
 - BSO Series
 - FRP Series
 - SRB Series
 - STF Series
 - TPT Series
 - TPP Series

Should you need additional information regarding PCI products, please feel free to contact me at 904-358-1700.

Sincerely,

Joey Arn
President
